Graffiti or natural sediments

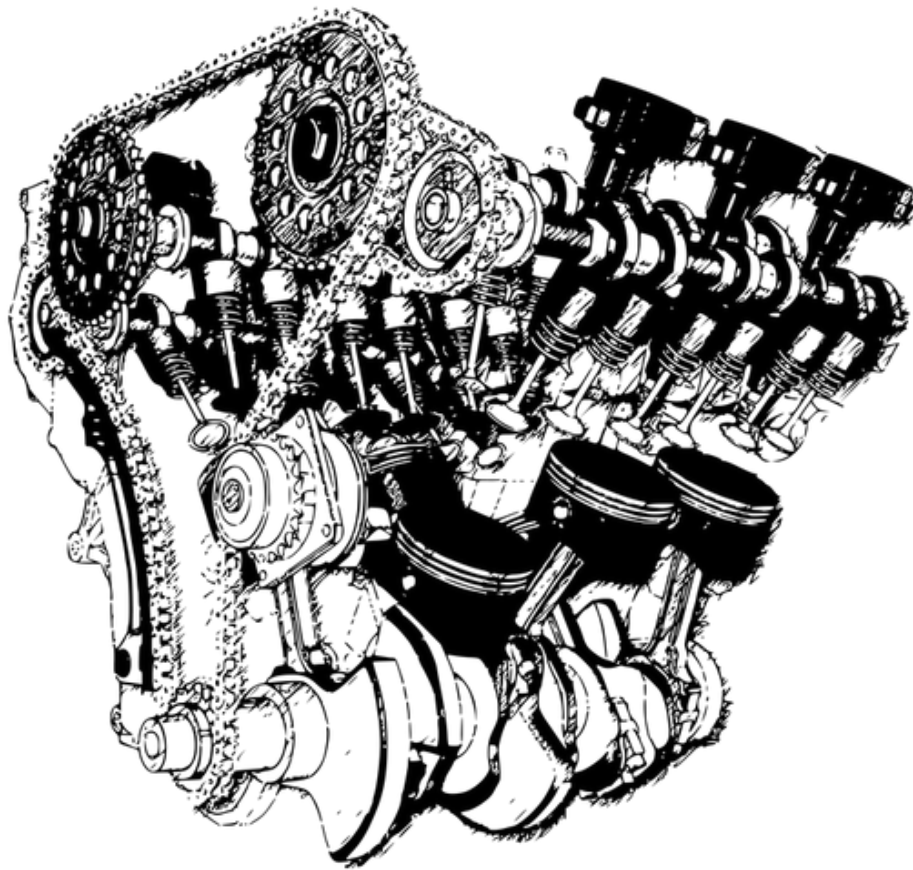

on buildings, stone statues, railings or stairs
will no longer be your nightmare.

Forget about chemistry and try some of the
equipment suitable for Graffiti:

PANDA, SHARK or EXCALIBUR.

**Thanks to the laser beam modulation
developed by us, you will remove sediment
or paint without damaging the stone.**

**Oil, carbon, rust or other deposits on
aluminium or metal engines?**

Don't want to experience sandblasting
problems ever again?

Check out our PANDA, SHARK or EXACLIBUR
equipment.

Even the smallest PANDA will clean your
engines or other auto-moto parts perfectly.

**Achieve service perfection. Let perfection
be your business card.**

PULSAR
L A S E R

Our PANDA and SHARK series equipment is also used in restoration.

SHARK and PANDA are popular with restorers for restoration of wooden historical monuments and also furniture.

**The wood remains perfectly dry,
free of any dirt, moss, mould or pests.**

The wood-carving remains preserved.

**Try the perfection of wood,
stone restoration using our technologies.**

New or vintage car - oldtimer?

You definitely don't want to sandblast

Our PANDA, SHARK, EXCALIBUR or FOX series workers will perfectly remove rust, paint, rubber and you will be left with a beautifully cleaned body without any damage.

Isn't it amazing?

Enough of ruined bodywork already!

Maintenance?

Moulds, machines, tools or accessories?

If you need to clean your moulds from plastic or rubber residues, SHARK, PANDA or EXCALIBUR is for you.

So you can clean any part of your technology without disassembly.

Extremely fast return on your maintenance investment.
